## 2017 Summer Internship

### Who We Are

**EPTDESIGN** is a dynamic Southern California landscape architecture firm committed to design excellence, personal integrity, a people-centered studio culture, and a dedication to individual growth. We are pleased to offer a Summer Internship open to any student of landscape architecture who will be returning to study in Fall 2017. Our goal is to provide practical, real world experience for students interested in furthering their immersion into the profession.

### Internship Overview

**EPTDESIGN** will select two individuals, one for our Pasadena Studio and one for our Laguna Beach Studio. The Summer Internship offers the opportunity to participate as an integral member of our project teams. During the course of the program the selected intern will work side-by-side with a wide range of design professionals and be introduced to varied aspects of the field of landscape architecture. Through involvement in different project tasks, our interns will enhance their creative problem-solving skills and further develop their ability to excel in a team environment.

### Submittal Requirements

We are looking for uniquely talented individuals who possess a passion for design, digital curiosity, a respect for history and ecology, and an enthusiasm for the future. Interested? Please send the following in PDF format (10MB Max):

- Current Resume
- Portfolio
- Landscape Interest Statement  
(In one page, explain how you discovered landscape architecture)

Submittals must be received by March 5, 2017  
Send submittals to Paulina Forgette [pforgette@eptdesign.com](mailto:pforgette@eptdesign.com)
